

ILS prides itself to build the highest quality lecterns around from thick aluminum profiles, blocks and plates, machined to a perfect fit and style. The lecterns are virtually free of maintenance for decades. In ILS products it is possible to remove a damaged part and renew it, or to make new fittings for future upgrades without affecting the rest of the installed system.

**ILS Navigator SC** delivers ILS quality with a smart design and cost-efficient solution. Top of the lectern is placed on a compact, narrow cabinet (Half Rack Cabinet). The integrated VESA mount allows the installation of a monitor up to 27". The small format PC is located inside the cabinet. The working surface of the Navigator series has a tilting range of 12 - 22°.

This solution also provides two fixed horizontal side tables (can be upgraded to the flip or sliding tables). This makes it possible to use handwritten notes, a laptop, or place a document camera on it. A convenient connections panel allows connecting portable devices into the system (near the right table). There is also a holder with built-in charging cables for tablets and smartphones. An XLR3 shock-mount suits most gooseneck microphones (optional 2 sockets).

The cabinet has a keyboard drawer and two lockable compartments with shelves to house a PC and other devices. The top compartment has a drop-down cover and a power strip to feed any laptop as well as hiding place for laptop power supplies. The larger compartment has a glass door and 2 shelves.

For ease of movement and stability of the lectern during the presentation, four lockable smart castors are provided. In addition, we will be pleased to engrave your logo on the front panel of the lectern, in case of using the system in formal events!

**DIMENSIONS**

<b>Width</b>	<p><b>Top:</b> 720 mm x 535 mm  <b>Side Plate:</b> 300 mm x 370 mm  <b>Top + Side Plate:</b> 1365 mm  <b>Cabinet:</b>  <b>External:</b> width: 485 mm height: 850 mm depth: 470 mm  <b>Internal:</b> width: 305 mm height: 615 mm depth: 460 mm  <b>Tilt adjustment:</b> 12° - 20°</p>
<b>Height</b>	<p><b>User side:</b> 1010 mm  <b>Audience Side:</b> 1140mm</p>
<b>Weight</b>	80 kg

**INTEGRATION**

<b>Display &amp; PC</b>	<p><b>Monitor:</b> 24" Dell 2418HT IPS; 10 points capacitive touchscreen  <b>PC:</b> Dell Optiplex 3070 micro Intel Core I-5 CPU; 8GB RAM; 256GB SSD;</p>
<b>Accessories</b>	<p><b>Switcher:</b> ILS 401 (4 x 1) or 3 x Sockets (type on request)  <b>Audio:</b> 1 x Microphone: T-bone GM5212</p>
<b>Features</b>	<p>Budget model with monitor tilt for extra 10° range  VESA 100x100 mount to hold a monitor up to 27"  PC installation inside cabinet  Ultra Wide Phone/Tablet holder  Half Rack Cabinet  2 x Side Tables  1 x Keyboard drawer  2 x Lockable compartments (1 x metal door; 1 x glass door;)  4 x Lockable smart castors or sideways rollers</p>
