

ILS prides itself to build the highest quality lecterns around from thick aluminum profiles, blocks and plates, machined to a perfect fit and style. The lecterns are virtually free of maintenance for decades. In ILS products it is possible to remove a damaged part and renew it, or to make new fittings for future upgrades without affecting the rest of the installed system.

**ILS Synergy AC** delivers ILS quality with a smart design. The solid top of the lectern is made of anodized aluminum and placed on a compact, narrow cabinet (Half Rack Cabinet).

The Synergy AC is an ideal solution for rooms where handwritten notes or laptops are used for presentation. There is also a laptop power socket and a holder with built-in charging cables for tablets and smartphones. To connect other devices, there are four sockets with the type on request. The microphone socket is of the XLR shock-mount type and there is the provision for a reading light, controlled by the button. This lectern also provides two fixed horizontal side tables (can be upgraded to the flip tables). This makes it possible to use extra handwritten notes, laptop, or place a document camera on it. The cabinet has a keyboard drawer and two lockable compartments with shelves to house a PC and other devices. The top compartment has a drop-down cover and a power strip to feed any laptop as well as hiding place for laptop power supplies. The larger compartment has a glass door and 2 shelves.

For ease of movement and stability of the lectern during the presentation, four lockable smart castors are provided. In addition, we will be pleased to engrave your logo on the front panel of the lectern, in case of using the system in formal events!

**DIMENSIONS**

<b>Width</b>	<b>Top:</b> 720 mm x 535 mm <b>Side Plate:</b> 300 mm x 370 mm <b>Top + Side Plate:</b> 1365 mm <b>Cabinet:</b> <b>External:</b> width: 485 mm height: 850 mm depth: 470 mm <b>Internal:</b> width: 305 mm height: 615 mm depth: 460 mm <b>Tilt adjustment:</b> 12° - 20°
<b>Height</b>	<b>User side:</b> 1010 mm <b>Audience Side:</b> 1140 mm
<b>Weight</b>	80 kg

**INTEGRATION**

<b>Accessories</b>	<b>Audio:</b> 1 x Microphone: AKG CGN 99 <b>Light:</b> 1 x Light: LITTLITE LED XLR-4 lamp
