

ILS prides itself to build the highest quality lecterns around from thick aluminum profiles, blocks and plates, machined to a perfect fit and style. The lecterns are virtually free of maintenance for decades. In ILS products it is possible to remove a damaged part and renew it, or to make new fittings for future upgrades without affecting the rest of the installed system.

ILS Synergy AK delivers ILS quality with a smart design. The solid top of the lectern is made of anodized aluminum and placed on a compact, motorized wide cabinet (14U Full Rack Cabinet) with a height adjustment range up to 23 cm (9" +). Two buttons will help you to control it.

The Synergy AK is an ideal solution for rooms where handwritten notes or laptops are used for presentation. There is also a laptop power socket and a holder with built-in charging cables for tablets and smartphones. To connect other devices, there are four sockets with the type on request. The microphone socket is of the XLR shock-mount type and there is the provision for a reading light, controlled by the button. This solution also provides one horizontal side table (can be upgraded to the 1 or 2 flip or sliding tables). This makes it possible to use handwritten notes, laptop, or place a document camera on it. The cabinet has a keyboard drawer, one lockable compartment and a trap door for quick cable access.

For mobility and rock-solid stability of the lectern during the presentation, 4 side-ways rollers are embedded in the bottom plate. In addition, we will be pleased to engrave your logo on the front panel of the lectern, in case of using the system in formal events!

DIMENSIONS

Width	Top: 720 mm x 535 mm Side Plate: 520 mm x 480 mm Top + Side Plate: 1240 mm Cabinet: External: width: 520 mm height: 805 mm depth: 560 mm Internal: width: 485 mm height: 160 mm (from lift to top) 430 mm (from lift to bottom) depth: 255 mm (from lift to top) 550 mm (from lift to bottom)
Height	User side: min: 960 mm max: 1160 mm Audience Side: min: 1070 mm max: 1270 mm
Weight	90 kg

INTEGRATION

Accessories	Audio: 1 x Microphone: AKG CGN 99 Light: 1 x Light: LITTLITE LED XLR-4 lamp
Features	Luxury anodised aluminum surface for laptop and documents Ultra Wide Phone/Tablet holder 14U Full Rack Motorised Cabinet 20cm range height 3 x Buttons (2 x Height control; 1 x Light;) 1 x Side Table (Right) 1 x Keyboard drawer 2 x Lockable compartments (1 x Metal drop down door; 2 x Doors;) 4 x Lockable smart castors or sideways rollers

CONNECTIVITY

Top	1 x 3-Pin XLR Shock Mount for microphone 1 x 4-Pin XLR Light socket (12V) 3 x Charging cables (USB type-C; Lightning; micro USB;) 4 x sockets (type on request) - Laptop connectivity 1 x AC power socket
Bottom	1 x HDMI; 1 x PC LAN; 1 x XLR microphone; 1 x AC Power cable;
